Professional Summary

PMP-certified project manager with 20+ years of experience building things that don't exist yet — programs, departments, systems, and infrastructure across government, nonprofit, and consulting environments. Pattern of being brought in when something needs to be created from scratch: founding employee multiple times, department builder, systems implementer. Leaves organizations more structured, better documented, and more capable than she found them. Currently integrating AI strategy and workflow automation into project delivery practice.

Selected Project Highlights

Code Blue Millville	Volunteer Initiative	Identified critical gap; designed and deployed emergency shelter program in 21 days with no budget or mandate
Quinn Broadcasting AI Roadmap	Mangiafico M&C	Developed AI integration roadmap and recommendations for regional broadcaster
Municipal & Community Websites	Mangiafico M&C	Full-lifecycle builds: Lawrence Township, Greenwich Township, Greenwich Rec Committee
Regional Science Summit	Partnership for DE Estuary	PM for 300+ attendee multi-jurisdictional event — full lifecycle scope through closeout
Veterans Programming Launch	Levoy Theatre	Built veterans arts program from zero; coordinated with NJ State Veterans Home
Enterprise System Rollout	Millville Rescue Squad	Full enterprise implementation across 200-person org — coordination, configuration, migration, training

Experience

Levoy Theatre

14-year institutional relationship · 2011–2025

Millville, NJ

Director of Education

June 2022–November 2025

- Expanded department into veterans, neurodivergent, and creative aging programming — significantly growing reach
- Managed 30+ concurrent public programs annually across multiple locations serving 3,000+ participants
- Led seasonal staff of 3–15; oversaw budget, purchase orders, and vendor contracts
- Project lead for bi-county, multi-site festival — full logistics, scheduling, cross-district coordination
- Secured and managed \$50K+ annually in grant funding; tracked NEA deliverables, ensured federal/state compliance

Independent Contractor, Consultant & Volunteer

2016–2018

- Revived Cumberland County Teen Arts Festival — wrote grants, managed relaunch coordination while employed full-time elsewhere

Founding Employee

2011–2013

- Contributed across marketing, web development, IT setup, ticketing system implementation, and vendor coordination during organizational launch

Partnership for the Delaware Estuary

Wilmington, DE

Director of Education & Outreach · June 2017–June 2019 · Position eliminated, organizational restructuring

- Directed 7-person department with \$1M annual budget across multi-jurisdictional programs
- Led planning and execution of 300+ attendee regional science summit — full project lifecycle
- Coordinated bi-state programming across NJ and DE; developed work plans and tracked milestones

American Littoral Society

Millville, NJ

Director, Delaware Bayshore · February 2013–January 2016 · Left for government opportunity

- Managed \$800K+ William Penn Foundation initiative across 9-organization coalition — scope, milestones, partner contributions
- Led post-Hurricane Sandy coastal recovery coordination with federal, state, and municipal partners
- Chaired regional task force developing a 3-year strategic plan

Cumberland County Improvement Authority

Associate Director of Economic Development · Bridgeton, NJ · January 2016–June 2017 · Left for career advancement

- Managed FEMA reimbursement documentation following Winter Storm Jonas — multi-department compliance coordination
- Supported East Point Lighthouse reconstruction — contractor, stakeholder, and regulatory coordination

Millville Rescue Squad

Millville, NJ

IT Technician / Tech Assistant · 2010–2011 · Position eliminated, department outsourced

- Coordinated full enterprise system rollout across 200-person organization — developer liaison, configuration, data population, and full staff training

Mangiafico Management & Consulting

Greenwich, NJ

Principal · 2019–Present · Concurrent consulting practice

- PM consulting, AI strategy, and website development for government and institutional clients
- Municipal website builds: Lawrence Township and Greenwich Township — full lifecycle, requirements through launch
- Quinn Broadcasting — AI integration roadmap and strategy for regional broadcaster
- Workflow automation portfolio using n8n — four documented automations available for demonstration

Greenwich Township

Greenwich, NJ

Land Use Board Secretary · 2019–Present

- Coordinate complex multi-party regulatory processes; maintain OPMA-compliant documentation systems
- Developed and maintain township website; manage escrow accounts, applications, and official correspondence

Citizens United to Protect the Maurice River

Millville, NJ

Associate Director — Founding Employee · Approx. 2004–2010

- Founding employee — built and launched new programs, coordinated volunteers, created organizational web presence from inception

Education

Master of Public Administration

University of South Dakota

Graduate Certificate, Project Management & Graduate Certificate, IS/IT Project Management

Villanova University · 18-month dual program

Bachelor of Arts, Social Science

Bethany University
